Dear Doctor,

re: Mrs. Annie P DOB 16.06.
2/2, 42 L Road, Glasgow, G33 .

Annie P is an extremely nervous 30 year old who has recently been diagnosed as having eczema. She has been treated with the usual weak steroids and moisturising creams. However, she has requested referral to you for homeopathic treatment. She tells me that she has been taking Evening Primrose Oil and some sulphur compound herself.

I would be grateful if you could advise us with regard to treatment for this girl.

Yours faithfully,

Dr. Susan Walker.
