FIRST CONSULTATION

FIONA IN
7 DR.
GLASGOW

06/06/--

Problems: m.p. since Menarche
Tend to faint -> loss of consciousness
Tried different antidepressants -
Has been on O.C. since
Off for only 1/1
May want to have a family
Was 13/1. Not difficult at start.
Has to be sheltered off the field.
Bony neck quite debilitating
Sometimes loses vision - sweets buckets
and sometimes faints.
Has to pull ear over at onset of symptoms
Sometimes panics + tremors up to 1/1. MET.
Wants to relax + switch on. ^{PM 92.}
^{AM 80s.}
^{AF. 80s.}
M: together
F: together
legently.
1 older brother: - heart problems -
rhythm prob
also muscle.
? nausea -
cause: attack.

FIRST CONSULTATION

When nervous had episodes of passing out
lines done :-
Panic then symptoms
Used to be a teacher. Now working as education
psychologist. Just about to start work
Was always stressed + educational psychology.
Was stressed by sub difficult instructions.
Lost an O.C. when 21/1
Had a terrible time when she came off for a
month
Use a bit weepy. Sometimes headache 1/1
before. Bowel much looser during M.P.
Bowels would move during menarche pain.
Complications: - talus junior. No endometriosis
Overall ok for.
Sometimes slight pains &
hours.

20/20/01

Six doses x12

am.c.

veat.

banb-ra.

caut.

FIRST REVIEW

21/07/--

2 M.P. since coming off pill. Took powder during that period. 2nd M.P. last week
Sunday morning woke with spasms & took powder. Also had nausea. Within 7 minutes period pain vanished. Always came to a crescendo in past. Urge to pass stool with pain usually.

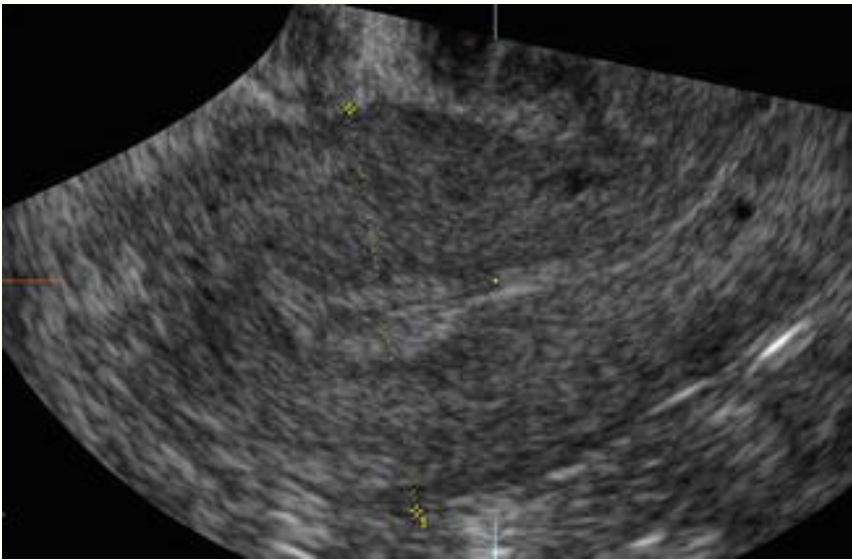

A few headaches at times during the week.
M.P. came on Monday. A few cramps in the morning. Not debilitating.
Few months doesn't happen.

37/2 200/1
